Health Care Waiver Fairness Act of 2013 - Amends the Patient Protection and Affordable Care Act (PPACA) to require the Secretary of Health and Human Services (HHS), the Secretary of Labor, and the Secretary of Treasury to establish waiver processes under which the administrator of a health plan, an employer, an individual, or other entity may seek to waive the application of a health insurance coverage requirement under PPACA. Sets forth PPACA requirements that may be waived, including those related to minimum essential coverage and employers offering health care coverage to employees.

Establishes requirements for the waiver process, including requiring submission of a statement describing how the imposition of the PPACA requirement would result in a significant decrease in access to coverage or a significant increase in premiums or other costs for such plan, employer, individual, or entity. Deems to be approved any waiver including such a statement.

Requires the Secretary of HHS to conduct a public awareness campaign of the waiver process with funds made available for the Prevention and Public Health Fund.
