School Modernization and Revitalization Through Jobs Act, the SMART Jobs Act, or the 21st Century Green High-Performing Public School Facilities Act - Requires the Secretary of Education to make grants to states for the modernization, renovation, or repair of public schools, including early learning facilities and charter schools, to make them safe, healthy, high-performing, and technologically up-to-date.

Allocates grant funds among states on the basis of the relative portion of school improvement funds provided to local educational agencies (LEAs) in each state under the Elementary and Secondary Education Act of 1965. Reserves 1% of the grant funds for assistance to outlying areas and Indian schools.

Requires states to reallocate such grant funds to LEAs on the basis of each LEA's share of school improvement funds received by LEAs in the state for the previous fiscal year.

Directs the Secretary to make grants to LEAs that serve areas in which the President, during the preceding 10 fiscal years, has determined that a major disaster exists for the construction, modernization, renovation, or repair of public schools, including early learning facilities and charter schools, to make them safe, healthy, high-performing, and technologically up-to-date.

Allocates grant funds among such LEAs on the basis of each LEA's share of infrastructure damage inflicted on public school facilities in such areas.

Requires the iron, steel, and manufactured goods used in projects funded under this Act to have been produced in this country, subject to specified exceptions.
