Careers through Responsive, Efficient, and Effective Retraining Act - Amends the Workforce Investment Act of 1988, with respect to funds for statewide youth activities which are allocated to a local area for eligible youth seeking assistance in achieving academic and employment success, to require the use of such funds for training programs, with priority consideration given to those that lead to an industry-recognized, nationally portable, and regionally relevant credential.

Requires the operator of a state one-stop system for delivery of training services to adults and dislocated workers also to give priority consideration to training programs that lead to the same kind of credential.

Requires the program of a provider of training services that leads to such a credential to meet quality criteria as established by the state governor (which may be accreditation by a state-recognized, third party accrediting agency).

Directs the Secretary of Labor to establish in at least five states, including at least one rural and one non-rural state, a Pay for Performance pilot program to provide a portion of training services for adults and dislocated workers under a plan meeting specified criteria.

Requires the Director of the Office of Management and Budget (OMB) to prepare a plan to reorganize federal job training programs to increase their efficiency, integration, and alignment. Requires the plan to propose a decrease in the number of federal job training programs without decreasing services or accessibility to them for eligible job training participants, including individuals with specified barriers to employment such as economic disadvantage, limited English proficiency, age, a need for remedial education, or completion of a criminal sentence.

Amends part D (Child Support and Establishment of Paternity) of title IV (Temporary Aid to Needy Families) (TANF) of the Social Security Act to require the Secretary of Health and Human Services (HHS) to disclose pertinent employment information in the National Directory of New Hires to any state agency administering part D that transmits to the Secretary the names and Social Security account numbers of individuals. Prescribes restrictions on state use of such information.
