## Summary (as of Sep 12, 2016)

(This measure has not been amended since it was reported to the House on September 9, 2016. The summary of that version is repeated here.)

### Amateur Radio Parity Act of 2016

(Sec. 3) This bill directs the Federal Communications Commission (FCC) to amend station antenna structure regulations to prohibit a private land use restriction from applying to amateur radio stations if the restriction:

- precludes communications in an amateur radio service,
- fails to permit a licensee of amateur radio service to install and maintain an effective outdoor antenna on property under its exclusive use or control, or
- is not the minimum practicable restriction to accomplish the lawful purposes of a community association seeking to enforce the restriction.

Before installing an outdoor antenna, however, an amateur radio licensee must obtain a community association's prior approval. A community association may: (1) prohibit installations on common property not under the exclusive control of the licensee, and (2) establish installation rules for amateur radio antennas and support structures.
