Summary (as of Jul 21, 2015)

School Lunch Price Protection Act of 2015

This bill amends the Richard B. Russell National School Lunch Act to alter the formula that school food authorities are required to use to establish the price for a paid lunch (a lunch provided to children who are not eligible for free or reduced price meals). Specifically, the bill makes the formula applicable only to school food authorities that had a negative balance in their nonprofit school food service account for the previous school year.
