## **Medicare Prescription Drug Savings and Choice Act of 2015**

This bill amends part D (Voluntary Prescription Drug Benefit Program) of title XVIII (Medicare) of the Social Security Act to require the Centers for Medicare & Medicaid Services (CMS) to offer one or more Medicare-operated prescription drug plan options. In doing so, CMS must: (1) negotiate prices with drug manufacturers; (2) establish an appeals process for denials of plan benefits, including the option for external review and determination by an independent entity; and (3) establish and apply a formulary and formulary incentives. In general, a Medicare-operated drug plan must meet the same requirements as apply to any other prescription drug plan.
