### Summary (as of Jul 30, 2015)

#### Commonsense Permitting for Job Creation Act of 2015

This bill amends the Federal Water Pollution Control Act (commonly known as the Clean Water Act) to revise requirements for permit guidelines applicable to the designation of disposal sites for discharges of dredged or fill material into waters of the United States. Those guidelines may not prohibit the designation of a disposal site due to the lack of a final site plan because there is not an identified end user, industry, or industrial classification for the site.
