

HR 22

FAST Act

Congress: 114 (2015–2017, Ended)

Chamber: House

Policy Area: Transportation and Public Works

Introduced: Jan 6, 2015

Current Status: Became Public Law No: 114-94.

Latest Action: Became Public Law No: 114-94. (Dec 4, 2015)

Law: 114-94 (Enacted Dec 4, 2015)

Official Text: <https://www.congress.gov/bill/114th-congress/house-bill/22>

Sponsor

Name: Rep. Davis, Rodney [R-IL-13]

Fixing America's Surface Transportation Act or the FAST Act

DIVISION A--SURFACE TRANSPORTATION

(Sec. 1002) Directs the Department of Transportation (DOT) to reduce the amount apportioned for a surface transportation program, project, or activity for FY2016 by amounts apportioned or allocated under any extension of the Moving Ahead for Progress in the 21st Century Act (MAP-21) for the period beginning October 1, 2015, and ending upon enactment of this Act.

TITLE I--FEDERAL-AID HIGHWAYS

Subtitle A--Authorizations and Programs

(Sec. 1101) Reauthorizes through FY2020:

- certain core federal-aid highway programs;
- the transportation infrastructure finance and innovation program;
- the federal lands, tribal transportation, and federal lands transportation and access programs;
- the territorial and Puerto Rico highway program; and
- nationally significant freight and highway projects.

Requires the expenditure of at least 10% of amounts made available for federal-aid highways and public transportation programs through small business concerns owned and controlled by socially and economically disadvantaged individuals.

Directs states to compile annual lists of small disadvantaged business enterprises according to minimum uniform criteria established by DOT.

(Sec. 1102) Prescribes obligation ceilings for certain federal-aid highway and highway safety construction programs, with specified exceptions.

Prescribes requirements, including a formula, and restrictions for certain FY2016-FY2020 distributions from the obligation limitation for federal-aid highways.

Directs DOT to redistribute to the states any federal-aid highway program funds that, because of any imposed obligation limitation, will not be allocated or otherwise made available to them for obligation for surface transportation program projects.

(Sec. 1104) Authorizes appropriations through FY2020 for Federal Highway Administration (FHWA) administrative expenses.

Revises and renames the surface transportation program as the surface transportation block grant program (STBGP) (as established by section 1109 of this Act).

Requires DOT to set-aside specified amounts of a state's base apportionment of core program funds for the national highway freight program and metropolitan transportation planning.

Directs DOT also to reserve certain amounts to states for:

- the national highway performance program for FY2019 and FY2020, and
- the STBGP through FY2020.

(Sec. 1105) Authorizes DOT to make competitive grants to a state or group of states, a metropolitan planning organization (MPO) that serves an urbanized area with a population of more than 200,000 individuals, a unit of local government or group of local governments, or other specified entities to furnish financial assistance for nationally significant freight and highway projects.

Requires DOT to reserve out of such grant amounts for each fiscal year:

- 10% for small projects, and
- at least 25% for projects in rural areas.

Makes the maximum federal share of project costs 60%.

(Sec. 1106) Revises requirements for the national highway performance program.

Authorizes DOT, upon request, to allow a state to use its apportionment of national highway performance program funds to pay subsidy and administrative costs of Transportation Infrastructure Finance and Innovation Act (TIFIA) program secured loans, loan guarantees, or credit for surface transportation projects for a state, local government, public authority, public-private partnership, or any other legal entity.

Allows a state's apportionment to be obligated for projects:

- for the reconstruction or rehabilitation of federal-aid highway bridges (non-National Highway System bridges), and
- to reduce the risk of failure of critical transportation infrastructure.

(Sec. 1107) Revises requirements for the emergency relief fund program.

Treats as an eligible expense for emergency relief program funding the costs of disaster debris removal for projects for the repair or reconstruction of federal-aid highways on tribal transportation facilities, federal lands transportation facilities, or other federally-owned roads that are open to public travel.

(Sec. 1108) Revises and reauthorizes requirements for the set-aside of highway safety improvement program funds for states for the same period for the elimination of hazards and the installation of protective devices at railway-highway crossings.

(Sec. 1109) Establishes in DOT an surface transportation block grant program (STBGP).

Requires states to obligate for each fiscal year specified graduated percentages of apportioned funds in:

- urbanized areas with a population of over 200,000, and
- rural areas with a population greater than 5,000.

Directs DOT to reserve certain amounts of the state apportionment of funds for each fiscal year for surface transportation projects or activities or transportation alternatives projects.

Requires states to obligate an amount of reserved funds for each fiscal year equal to the amount apportioned to the state

for the surface transportation program for FY2009 for recreational trails projects.

(Sec. 1110) Reduces the amount DOT must deduct from FHWA administrative funds each fiscal year for highway use tax evasion projects.

(Sec. 1111) Prescribes requirements for the bundling of two or more similar projects for the replacement or repair of structurally deficient bridges.

(Sec. 1112) Revises formulae for certain allocations of funds to states for construction of ferry boats and ferry terminal facilities.

Reauthorizes the program through FY2020. Certain funds are made available for the National Ferry Database.

(Sec. 1113) Revises the highway safety improvement program.

Makes eligible as highway safety improvement projects any installation of vehicle-to-infrastructure communication equipment, pedestrian hybrid beacons, roadway improvements that provide separation between pedestrians and motor vehicles, and other types of infrastructure safety projects.

Authorizes states to elect not to collect certain data on unpaved public roads regarding the model inventory of roadways if certain requirements are met.

Eliminates the definition of "state highway safety improvement programs."

Requires DOT to review best practices for implementation of roadway safety infrastructure improvements to reduce the number or severity of commercial motor vehicle accidents.

(Sec. 1114) Revises congestion mitigation and air quality improvement (CMAQ) program requirements.

Authorizes states to obligate the apportionment of CMAQ program funds for projects for the installation of vehicle-to-infrastructure communication equipment in nonattainment or maintenance areas for particulate matter.

Declares that requirements for priority use of congestion mitigation and air quality project funds in PM2.5 nonattainment or maintenance areas shall not apply in any state with a population density of 80 or fewer persons per square mile of land area if certain criteria are met.

Authorizes states or metropolitan planning organizations (MPOs) also to elect to obligate PM2.5 priority funds to the most cost-effective CMAQ projects to reduce emissions from port-related landside nonroad or on-road equipment that operates within a PM2.5 nonattainment or maintenance area.

(Sec. 1115) Increases the authorization of appropriations for the Puerto Rico highway and territorial highway programs.

(Sec. 1116) Revises national freight program requirements.

Renames the national freight network the National Highway Freight Network.

Authorizes the MPO representative in an urbanized area with a population of 500,000 or more to designate a public road within the borders of that area of the state as a critical urban freight corridor. Authorizes the state to do the same for an urbanized area with a population under 500,000.

Requires states that have not met, or made significant progress toward meeting, certain performance targets related to freight movement of the state to report biennially to DOT on actions the state will undertake to achieve the targets.

Prescribes requirements for the use of apportioned funds, including development of intelligent freight transportation systems. The term "intelligent freight transportation system" means:

- innovative or intelligent technological transportation systems, infrastructure, or facilities; or
- communications or information processing systems that improve the efficiency or safety of freight movements on the federal-aid highway system.

(Sec. 1117) Revises the federal lands and tribal transportation programs.

Requires entities carrying out a project under the tribal transportation program to report annually to DOT and to the Department of the Interior on specified project data.

Directs DOT to:

- report to Congress on the quality of transportation safety data collected by states, counties, and Indian tribes for transportation systems and its relevance to improving the collection and sharing of data on crashes on Indian reservations; and
- identify and evaluate in a separate study any options for improving safety on public roads on Indian reservations.

(Sec. 1118) Revises funding requirements for the tribal transportation program to:

- reduce from 6% to 5% of authorized program funds the maximum amount that either DOT or Interior may use for certain administrative expenses, and
- increase from 2% to 3% of such funds the allocation for specified bridge projects.

(Sec. 1119) Extends the federal lands transportation program and its funds allocations to the transportation systems of Interior's Bureau of Land Management.

(Sec. 1120) Authorizes DOT to conduct cooperative research and technology deployment in coordination with federal land management agencies for transportation planning of federal lands and tribal transportation facilities projects.

Requires DOT to combine and use no more than 5% of federal lands transportation program and federal lands access program funds for transportation planning activities for federal lands transportation facilities, federal lands access transportation facilities, and other federally-owned roads open to public travel.

Allows the use of such funds also for:

- inspections of federally-owned bridges even if not included in the national federal lands transportation facility inventory, and
- transportation planning activities carried out by federal land management agencies.

(Sec. 1121) Directs DOT to establish a tribal transportation self-governance program via a compact with an Indian tribe, subject to negotiated annual written funding arrangements with the tribe.

Requires any funding agreement to authorize the Indian tribe to plan, conduct, consolidate, administer, and receive full tribal share funding, tribal transit formula funding, and funding to tribes from DOT-administered discretionary and

competitive grants for all programs, services, functions, and activities to carry out tribal transportation programs and DOT-administered programs, services, functions, and activities.

(Sec. 1122) Directs DOT to issue guidance on working with state departments of transportation that request assistance from FHWA division offices to:

- review principal arterials within a state that were added to the National Highway System (NHS) as of October 1, 2012, and
- identify any necessary functional classification changes to rural and urban principal arterials.

Requires DOT to:

- review the NHS modification process, and
- ensure that a state may submit requests to modify the NHS by withdrawing a road from it.

(Sec. 1123) Directs DOT to establish a program to fund construction, reconstruction, or rehabilitation of nationally significant federal lands and tribal transportation projects.

Authorizes appropriations through FY2020.

Subtitle B--Planning and Performance Management

(Sec. 1201) Revises requirements for metropolitan transportation planning.

Prescribes requirements for selection of MPO officials or representatives.

Authorizes MPOs serving a transportation management area to develop a congestion management plan that includes projects and strategies that will be considered in the MPO's transportation improvement program.

Treats the Bi-State MPO Region as:

- an MPO,
- a transportation management area, and
- an urbanized area (comprising a population of 145,000 in California and a population of 65,000 in Nevada).

Prescribes formulae for the suballocation of STBGP and transportation alternatives program funds for a fiscal year for the Bi-State MPO Region.

(Sec. 1202) Revises requirements for statewide and nonmetropolitan transportation planning.

Subtitle C--Acceleration of Project Delivery

(Sec. 1301) Prescribes requirements for DOT in highway and public transportation planning to preserve certain historic sites, especially by aligning, to the maximum extent practicable, specified preservation requirements with the National Environmental Policy Act of 1969 (NEPA) and any avoidance alternative analysis it requires.

(Sec. 1303) Exempts from consideration for parkland, wildlife and waterfowl refuge, and historic site preservation purposes any common post-1945 concrete or steel bridge or culvert already exempt from individual review of its effect on any historic property.

(Sec. 1304) Prescribes procedures for accelerating the project delivery decisionmaking process regarding:

- environmental review of highway, public transportation, or multimodal projects;
- coordination among relevant agencies in meeting project deadlines;
- public availability of the status and progress of projects requiring compliance with NEPA review and other federal, state, or local approval;
- integration of planning and environmental review of projects between the lead agency (DOT) and participating federal and non-federal agencies;
- adoption of departmental environmental assessments or environmental impact statements of other operating administrations; and
- federal coordination of the environmental review and permitting process for transportation projects.

Grants DOT, as federal lead agency in the environmental review process for a highway, public transportation capital, or multimodal project, authority and responsibility to consider and respond to comments received from participating federal and non-federal agencies on matters within their special expertise or jurisdiction.

(Sec. 1305) Revises requirements for the integration of planning and environmental review.

(Sec. 1306) Changes from discretionary to mandatory the authority of federal agencies responsible for the environmental review of a transportation project to give substantial weight to recommendations in the programmatic mitigation plans of states and MPOs.

(Sec. 1307) Requires DOT, upon state request, to give technical assistance to a state assuming responsibility for making categorical exclusion determinations for highway or related projects.

(A "categorical exclusion" under NEPA is a category of actions which do not individually or cumulatively have a significant effect on the human environment and which have been found to have no such effect in procedures adopted by a federal agency in implementing environmental regulations and for which, therefore, neither an Environmental Assessment nor an Environmental Impact Statement is required.)

(Sec. 1308) Revises requirements for termination of a state from the surface transportation project delivery program, increasing from 30 to 120 days the time DOT must give a state to take corrective action.

Authorizes DOT, in cooperation with state officials, to carry out education, training, peer-exchange, and other initiatives to assist states in developing capacity building for environmental review of projects under NEPA.

(Sec. 1309) Directs DOT to establish a pilot program to authorize states to conduct environmental review of projects under state laws instead of NEPA.

(Sec. 1310) Revises requirements for application of categorical exclusions for multimodal projects, including acceleration of decisionmaking in environmental reviews.

(Sec. 1312) Authorizes a public entity receiving DOT financial assistance for one or more projects, or for a program of projects, for a public purpose to request DOT to allow it to furnish funds to federal agencies, including DOT, state agencies, and Indian tribes participating in the environmental planning and review process for the project, projects, or program, but only to support activities that directly and meaningfully contribute to expediting and improving permitting and review processes.

(Sec. 1313) Directs DOT, in coordination with federal agencies likely to have substantive review or approval responsibilities under federal law, to develop a coordinated and concurrent environmental review and permitting process for transportation projects, meeting specified criteria, when initiating an environmental impact statement.

(Sec. 1314) Amends MAP-21 to require inflation adjustments to specified dollar amounts indicating the maximum federal assistance to certain federal-aid highway projects which must be categorically excluded from the requirements relating to environmental assessments or environmental impact statements.

(Sec. 1315) Directs DOT to develop a template programmatic agreement with states that provides for efficient procedures for evaluating categorical exclusion determinations.

(Sec. 1316) Directs DOT to:

- allow states to assume DOT responsibilities for project design, plans, specifications, estimates, contract awards, and inspection of projects, on both a project-specific and programmatic basis; and
- recommend to Congress legislation to permit the assumption of additional authorities by states, including about real estate acquisition and project design.

(Sec. 1317) Directs DOT to examine ways to modernize and improve the NEPA environmental review process for federal-aid highway projects.

(Sec. 1318) Directs the Government Accountability Office (GAO) to assess progress made under this Act, MAP-21, and the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) to accelerate the delivery of federal-aid highway and highway safety construction projects and public transportation capital projects by streamlining the environmental review and permitting process.

Subtitle D--Miscellaneous

(Sec. 1401) Prohibits, through FY2020, the use of a state's apportionment of highway safety improvement program funds to purchase, operate, or maintain an automated traffic enforcement system, except any located in school zones.

Defines "automated traffic enforcement system" to mean any camera that captures an image of a vehicle for purposes of traffic law enforcement.

(Sec. 1402) Requires DOT to compile and make available on the DOT public website any data on the amounts of federal-aid highway program funds made available under this title for each fiscal year.

(Sec. 1403) Requires DOT to make available certain additional funds deposited into the HTF Highway Account or Mass Transit Account for federal-aid highway programs.

Reauthorizes appropriations through FY2020.

(Sec. 1404) Requires a design for new construction or rehabilitation of NHS highways to take into account, in addition to other specified criteria, the environment and safety for other modes of transportation, as well as cost savings by utilizing flexibility in current design guidance and regulations.

(Sec. 1405) Requires any requested or required justification report for a project that would add a point of access to, or exit from, the Interstate System to include new or modified freeway-to-crossroad interchanges inside a transportation management area.

(Sec. 1407) Makes eligible for funding under the National Highway Performance Program and the Surface Transportation Program any projects for the installation of vehicle-to-infrastructure communication equipment.

(Sec. 1409) Declares that, for Interstate System (IS) vehicle weight limitation purposes, any vehicle carrying fluid milk products shall be considered a load that cannot be easily dismantled or divided, and so are eligible for a special permit.

(Sec. 1410) Exempts certain heavy-duty tow and recovery vehicles traveling on federal highways from federal vehicle weight limitations.

Allows federal truck weight limitations to remain in place on specified highways in Texas and Arkansas.

Directs DOT to waive federal vehicle weight limitations for certain logging vehicles operating on IS highways in Wisconsin and Minnesota.

Prohibits states from enforcing against an emergency vehicle a vehicle weight limit (up to a maximum vehicle weight of 86,000 pounds) of less than:

- 24,000 pounds on a single steering axle,
- 33,500 pounds on a single drive axle,
- 62,000 pounds on a tandem axle, or
- 52,000 pounds on a tandem rear drive steer axle.

Defines the term "emergency vehicle" to mean a vehicle designed to be used under emergency conditions to:

- transport personnel and equipment, and
- support the suppression of fires and mitigation of other hazardous situations.

Allows natural gas vehicles to exceed any vehicle weight limit (up to a maximum vehicle weight of 82,000 pounds) by an amount equal to the difference between:

- the weight of the vehicle attributable to the vehicle's natural gas tank and fueling system, and
- the weight of a comparable diesel tank and fueling system.

(Sec. 1411)Revises requirements for the toll roads, bridges, tunnels, and ferries program.

Requires over-the-road buses that serve the public to have access to toll facilities equal to that of public transportation buses.

Defines the term "over-the-road bus" to mean a bus characterized by an elevated passenger deck located over a baggage compartment.

Revises certain exceptions to high occupancy vehicle (HOV) facility requirements.

Authorizes the public authority to allow a public transportation vehicle use of HOV facilities if it provides equal access for all public transportation vehicles and over-the-road buses serving the public.

Authorizes the public authority also to allow use of HOV facilities by:

- vehicles if a toll is paid and the authority ensures that over-the-road buses serving the public have the same access as public transportation buses, and

alternative fuel vehicles and new qualified plug-in electric drive motor vehicles provided certain requirements are met.

Requires a public authority to submit to DOT for approval, within 180 days after a HOV facility is considered degraded, a plan to bring the facility back into compliance with the minimum average operating speed. ("Degraded" means failure of vehicles operating on HOV lanes to maintain minimum average operating speed 90% of the time over a consecutive 180-day period during morning and/or evening weekday peak hour periods.)

Amends the Transportation Equity Act for the 21st Century to revise requirements for the interstate system reconstruction and rehabilitation pilot program. Prescribes requirements for final approval of state applications to collect tolls on highways, bridges, or tunnels for projects for the reconstruction and rehabilitation of interstate highway corridors.

(Sec. 1412) Authorizes payment from the state apportionment of federal-aid highway program funds for projects at railway-highway grade crossings to eliminate hazards posed by blocked grade crossings due to idling trains.

(Sec. 1413) Directs DOT to designate national electric vehicle charging and hydrogen, propane, and natural gas fueling corridors that identify the need for electric vehicle charging, hydrogen fueling, propane fueling, and natural gas fueling infrastructures at strategic locations along major national highways.

Authorizes the General Services Administration (GSA) to install (on a reimbursable basis) battery recharging stations in GSA-owned parking areas for vehicles of GSA employees, tenant federal agencies, and other authorized individuals. Requires the GSA or the federal agency the charge fees to individuals to use such stations.

(Sec. 1414) Revises federal requirements for minimum state penalties for repeat offenders for driving while intoxicated or driving under the influence.

Adds a 24-7 sobriety program to criteria for state repeat offender laws.

Specifies exceptions to the requirement of an ignition interlock device on a vehicle of an individual with restricted driving privileges

(Sec. 1415) Authorizes as an eligible cost for a federal-aid highway construction project the cost of improving habitat and forage for pollinators (i.e., bees, birds, bats, Monarch and other butterflies) on rights-of-way adjacent to such highways.

Requires DOT, in conjunction with willing states, to carry out programs that encourage:

- integrated vegetation management practices on roadsides and other transportation rights-of-way, including reduced mowing; and
- the development of habitat and forage for pollinators through planting of native forbs and grasses, including noninvasive, native milkweed species.

(Sec. 1416) Amends the Intermodal Surface Transportation Efficiency Act of 1991 (ISTEA) to revise the high priority Raleigh-Norfolk Corridor of the NHS between Raleigh, North Carolina, and Norfolk, Virginia, to include Rocky Mount, Williamston, and Elizabeth City, North Carolina.

Includes Texas State Highway 44 from United States Route 59 at Freer, Texas, to Texas State Highway 358 as part of the high priority Lower Rio Grande Valley Corridor of the NHS in Texas.

Designates as a high priority corridor on the NHS, as part of Interstate Route I-11, the Intermountain West Corridor from

the vicinity of Las Vegas, Nevada, extending north along U.S. Route 95, terminating at Interstate Route 80.

Declares as high priority corridors on the NHS as well as segments of the IS:

- U.S. Route 117/Interstate Route 795 from U.S. Route 70 in Goldsboro, Wayne County, North Carolina, to Interstate Route 40 west of Faison, Sampson County, North Carolina;
- U.S. Route 70 from its intersection with Interstate Route 40 in Garner, Wake County, North Carolina, to the Port at Morehead City, Carteret County, North Carolina;
- Sonoran Corridor along State Route 410 connecting Interstate Route 19 and Interstate Route 10 south of the Tucson International Airport;
- the Central Texas Corridor commencing at the logical terminus of Interstate 10, and generally following portions of U.S. Route 190 eastward passing in the vicinity Fort Hood, Killeen, Belton, Temple, Bryan, College Station, Huntsville, Livingston, Woodville, and to the logical terminus of Texas Highway 63 at the Sabine River Bridge at Burrs Crossing;
- Interstate Route 81 in New York from its intersection with Interstate Route 86 to the United States-Canadian border;
- Interstate Route 70 from Denver, Colorado, to Salt Lake City, Utah;
- Oregon 99W Newberg-Dundee Bypass Route between Newberg, Oregon, and Dayton, Oregon; and
- Interstate Route 205 in Oregon from its intersection with Interstate Route 5 to the Columbia River.

Amends the SAFETEA-LU Technical Corrections Act of 2008 to direct DOT to designate as a future Interstate Route 69 Spur, the Audubon Parkway between Henderson, Kentucky, and Owensboro, Kentucky, and as a future Interstate Route 65 and 66 Spur, the William H. Natcher Parkway between Bowling Green, Kentucky, and Owensboro, Kentucky.

(Sec. 1417) Makes eligible for work zone safety training program grants the development, updating, and delivery of training courses on guard rail installation, maintenance, and inspection.

(Sec. 1418) Amends MAP-21 to direct DOT to set-aside for each of FY2016-FY2020 a specified amount of highway safety improvement program funds before making any apportionment for FHWA administrative expenses.

(Sec. 1419) Amends ISTEA to repeal the requirement for annual reports to Congress on continuing studies of the fundamental chemical and physical properties of petroleum asphalts and modified asphalts used in highway construction.

Amends SAFETEA-LU to repeal the requirement for an annual report to Congress on the express lanes demonstration program.

(Sec. 1420) Authorizes DOT to exercise all existing flexibilities under and exceptions to the requirements for federal-aid highway projects and other DOT administered requirements, in whole or in part.

(Sec. 1421) Requires DOT, in cooperation with states, to develop guidance that encourages the use of programmatic approaches to project delivery, expedited procurement techniques, and other best practices for states and the FHWA to facilitate the timely expenditure of federal funds for federal-aid highway projects.

(Sec. 1422) Directs the FHWA to commission the Transportation Research Board of the National Academy of Sciences to study the performance of bridges funded under the innovative bridge research and construction program in meeting program goals.

(Sec. 1423) Authorizes a state transportation agency to relinquish park-and-ride lot facilities, or portions of them, to a local government agency for highway purposes if authorized to do so under state law, and the relinquishment meets

certain requirements.

(Sec. 1424) Authorizes the FHWA to establish a pilot program that allows a state to utilize innovative approaches to maintain the right-of-way of federal-aid highways.

(Sec. 1425) Authorizes states to allow on the IS the maintenance of service club, charitable association, or religious service signs of a certain size, provided the state notifies the FHWA.

(Sec. 1426) Requires the FHWA to appoint a Motorcyclist Advisory Council on infrastructure issues of concern to motorcyclists.

(Sec. 1427) Expresses the sense of Congress that the FHWA should do all it can to protect the safety of construction workers in highway work zones.

(Sec. 1428) Directs DOT to encourage the FHWA to use durable, resilient, and sustainable materials and practices, including the use of geosynthetic materials and other innovative technologies for federal-aid highway projects.

(Sec. 1429) Requires DOT to study methods for evaluating roadside highway safety hardware devices to improve the data collected on the devices.

(Sec. 1430) Expresses the sense of Congress that DOT should utilize modeling and simulation technology to analyze highway and public transportation projects to ensure that they will reduce congestion and be cost effective.

(Sec. 1431) Directs DOT to:

- establish a National Advisory Committee on Travel and Tourism Infrastructure, and
- develop and post on the DOT website a national travel and tourism infrastructure strategic plan.

(Sec. 1432) Exempts from further environmental reviews, approvals, licensing, and permit requirements under specified laws any road, highway, or bridge in operation or under construction that is damaged by a declared emergency and reconstructed in the same location with the same dimensions and design as before the emergency.

(Sec. 1433) Directs the GAO to report to Congress on FHWA administrative expenses funded from the HTF for the last three fiscal years.

(Sec. 1434) Directs DOT to make every required report available on its public website.

(Sec. 1435) Amends MAP-21 to reauthorize the federal share of costs for Appalachian development highway system projects through FY2050. Allows the federal share (currently a flat 100%) to be 100% or less, as determined by the state.

(Sec. 1436) Reauthorizes through FY2020 the Appalachian Regional Development Program.

Authorizes the Appalachian Regional Commission to give technical assistance, make grants, and enter into contracts in the Appalachian region for projects to increase affordable access to broadband networks throughout the Appalachian region and for related projects and activities. Authorizes funding.

(Sec. 1437) Authorizes the governor of a state that shares a border with Canada or Mexico to designate up to 5% of its apportionment of STBGP funds for each fiscal year for border infrastructure projects.

(Sec. 1438) Rescinds permanently on July 1, 2020, \$7.569 billion of unobligated federal-aid highway funds apportioned among the states, except certain funds for the highway improvement, railway-highway crossings, and certain other

highway programs. Prescribes formulae for determining the amounts to be rescinded among the states and within a state.

(Sec. 1439) Authorizes the take of nesting swallows, between April 1 and August 31 of any year, without individual permit requirements, to facilitate bridge construction or repair projects, provided the Department of the Interior promulgates a regulation under the Migratory Bird Treaty Act to allow this.

(Sec. 1440) Allows recipients or subrecipients of federal-aid highway funds to:

- incur preliminary preconstruction development and engineering costs for an eligible project before receiving project authorization from the state, and
- request reimbursement of federal funds after project authorization is received.

(Sec. 1441) Directs DOT to establish a regional infrastructure demonstration program to assist entities in developing improved infrastructure priorities and financing strategies for accelerated development of TIFIA-funded projects.

Authorizes appropriations.

(Sec. 1442) Requires DOT to encourage each state and MPO to adopt design standards and best practices for surface transportation projects that provide safety for users of the surface transportation network.

(Sec. 1443) Expresses the sense of Congress that Congress recognizes the valuable contributions made by the U.S. engineering industry to provide critical technical expertise, innovation, and local knowledge to federal and state agencies in order to deliver surface transportation projects to the public.

(Sec. 1444) Directs the FHWA to continue the Every Day Counts initiative to work with states, local transportation agencies, and industry stakeholders to identify and deploy proven innovative best practices and products that accelerate transportation innovation deployment and project delivery as well as improve the environment and roadway safety.

(Sec. 1445) Amends the Water Resources Reform and Development Act of 2004 to repeal the prohibition against the direct or indirect financing of water resources infrastructure projects receiving federal credit assistance with proceeds of any:

- obligation the interest on which is tax-exempt, or
- regarding which a qualified tax credit bond or a Build America Bond is allowable.

(Sec. 1446) Makes various technical corrections to federal transportation laws.

TITLE II--INNOVATIVE PROJECT FINANCE

(Sec. 20001) Amends TIFIA to authorize as an eligible transportation infrastructure project cost the capitalizing of a rural projects fund using proceeds of secured loans made to state infrastructure banks to make loans for rural infrastructure projects.

Revises TIFIA program eligibility requirements, adding projects for:

- public infrastructure near a fixed guideway transit facility, passenger rail station, intercity bus station, or intermodal facility; and
- capitalization of a rural projects fund.

Requires DOT to make an expedited application process available to entities seeking secured loans under the TIFIA program.

Requires the reservation of \$2 million of TIFIA program funds for highway infrastructure projects anticipated not to exceed \$75 million.

Revises and reauthorizes through FY2020 the state infrastructure bank program.

(Sec. 2002) Authorizes DOT to make payments to states pursuant to a long-term concession agreements for construction costs incurred on federal-aid highway projects.

TITLE III--PUBLIC TRANSPORTATION

Federal Public Transportation Act of 2015

(Sec. 3003) Revises requirements for metropolitan as well as statewide and nonmetropolitan transportation planning.

Prescribes requirements for selection of MPO representatives or officials.

Authorizes MPOs serving a transportation management area to develop a congestion management plan that includes projects and strategies that will be considered in the MPO's transportation improvement program.

Treats the Bi-State MPO Region (in and around Lake Tahoe, California and Nevada) as:

- an MPO,
- a transportation management area, and
- an urbanized area (comprising a population of 145,000 in California and of 65,000 in Nevada).

(Sec. 3004) Revises requirements for the urbanized area formula public transportation grant program for an urbanized area with a population of at least 200,000.

Allows each public transportation system that is a party to a written agreement with one or more other public transportation systems within the urbanized area to allocate funds for the operating cost of equipment and facilities by a method other than by measuring vehicle revenue hours to follow the terms of the written agreement without regard to measured vehicle revenue hours.

(Sec. 3005) Revises requirements for the fixed guideway capital investment grants program.

Increases the caps on the cost and level of federal assistance for small start new fixed guideway capital projects or corridor-based bus rapid transit projects eligible for financing under fixed guideway capital investment grants.

Eliminates the prerequisite for a new fixed guideway capital project to advance to the engineering phase that it be supported by policies and land use patterns that promote public transportation.

Requires DOT to make necessary benefit, federal investment, and local financial commitment evaluations and ratings of small start projects, upon project sponsor request, upon completion of an environmental assessment under NEPA.

Includes small start projects in programs of interrelated projects (together with new fixed guideway capital projects and core capacity improvement projects, as currently).

Authorizes DOT to award such grants for new fixed guideway capital projects and core capacity improvement projects for both public transportation and intercity passenger rail service. Sets the federal share of project costs at up to 80%.

Authorizes DOT to award up to eight capital investment grants to states and local governments to assist in financing new fixed guideway capital projects or small start projects and core capacity improvement projects. Prescribes requirements for the expedited approval of such projects. Limits grants for such a project to 25% of the net capital project cost.

(Sec. 3006) Requires DOT to collect from, review, and disseminate best practices and other specified information to public transportation agencies for such projects.

Authorizes DOT to award pilot program grants to eligible recipients to assist in financing innovative projects for the transportation of seniors and disabled individuals that improve the coordination of transportation services and non-emergency medical transportation services. Sets the federal share of project costs at up to 80%.

Directs the DOT Interagency Transportation Coordinating Council on Access and Mobility to publish a strategic plan that:

- outlines federal agency role and responsibilities regarding local transportation coordination, including non-emergency medical transportation, for seniors and individuals with disabilities;
- addresses certain Council recommendations, including a cost-sharing policy for grantees; and
- examines and proposes changes to federal laws that will eliminate federal barriers to local transportation coordination.

(Sec. 3007) Revises requirements for the nonurbanized formula grant program.

Requires DOT to apportion specified amounts of rural formula grants each fiscal year for public transportation on Indian reservations.

Prescribes requirements for the allocation of such grants to multiple Indian tribes providing public transportation on tribal lands in a single Tribal Statistical Area.

(Sec. 3008) Replaces the research, development, demonstration, and deployment grant program with a public transportation innovation grant program.

Requires DOT to award grants for projects and activities to advance innovative public transportation research and development.

Requires demonstration, deployment, or evaluation projects in public transportation to seek, among other things, the deployment of low or no emission vehicles, zero emission vehicles, or associated advanced technology.

Prohibits any DOT grants for the demonstration, deployment, or evaluation of a vehicle that is in revenue service unless the project makes significant technological advancements in the vehicle.

Requires DOT to enter into a contract or cooperative agreement with, or make a grant to, at least one institution of higher education to operate a facility to assess components for use in low or no emission vehicles.

Establishes a public transportation cooperative research program. Authorizes DOT to make grants to, and cooperative agreements with, the National Academy of Sciences to carry out public transportation research, development, and technology transfer activities.

(Sec. 3009) Revamps the technical assistance and standards development grant program as the technical assistance and workforce development grant program.

Authorizes DOT to establish a competitive grant program to assist the development of innovative activities that address human resource needs to train and develop the public transportation workforce. Sets the federal share of project costs at 50%.

Directs DOT to establish a national transit institute, and award grants to four-year degree-granting institutions of higher education to carry out institute duties, including to develop training and educational programs for federal, state, and local transportation employees, U.S. citizens, and foreign nationals engaged in federally-assisted public transportation work.

(Sec. 3011) Prohibits the use of grants or loans for public transportation to pay incremental costs of incorporating art or non-functional landscaping into facilities, including the costs of an artist on the design team.

Revises Buy America requirements for public transportation projects. Allows DOT to waive such requirements when procuring rolling stock (including train control, communication, traction power equipment, and rolling stock prototypes) whose cost of components and subcomponents produced in the United States for:

- FY2016 and FY2017, is more than 60% (as under current law) of the cost of all components of the rolling stock;
- FY2018 and FY2019, is more than 65% of the cost of all such components; and
- FY2020 and each fiscal year thereafter, is more than 70% of the cost of all components of such stock.

Prescribes requirements for:

- calculation of the domestic content of certain rolling stock frames or car shells for waiver purposes, and
- a certification of domestic supply for denied waiver applications.

(Sec. 3012) Directs DOT to prescribe regulations for project management oversight that include:

- a requirement that oversight be limited to quarterly reviews of recipient compliance with the project management plan unless the recipient requires more frequent oversight because of specified failures, and
- a process for recipients that require more frequent oversight to return to quarterly reviews.

(Sec. 3013) Revises requirements for the public transportation safety program.

Includes among the contents of the national public transportation safety plan minimum safety standards, meeting specified criteria, for the safe operation of public transportation systems.

Directs DOT to administer state safety oversight programs for rail fixed guideway public transportation systems determined inadequate of enforcing federal safety regulations or incapable of preventing substantial risk of death or personal injury until the state develops a program as meeting certain requirements.

Authorizes DOT to withhold grants to develop state safety oversight programs from states with programs deemed insufficient, including up to 5% of a state's apportionment of formula public transportation grants for urbanized areas with a population under 200,000.

Authorizes DOT also to take certain enforcement action against a recipient that does not comply with federal law regarding the safety of a public transportation system, including withholding up to 25% of a state's apportionment of urbanized area formula public transportation grants.

Requires DOT to issue restrictions and prohibitions if an unsafe condition or practice is determined to exist and be a substantial risk of death or personal injury in a public transportation system.

(Sec. 3014) Revises formulae for the apportionment of formula public transportation grants to states with urbanized areas with a population of at least 200,000 and urbanized areas with a population under 200,000.

Requires a set-aside of \$30 million for each fiscal year for passenger ferry grants.

(Sec. 3015) Sets the federal share of costs at 80% for state of good repair capital projects for high intensity fixed guideways and for high intensity motorbuses.

(Sec. 3016) Reauthorizes through FY2020 the research, development demonstration, and deployment program.

Extends:

- formula grants for public transportation, including allocations for specified projects;
- technical assistance and standards development and training grants;
- capital investment grants; and
- authorization for administrative expenditures.

(Sec. 3017) Allocates certain amounts to states and territories for FY2016-FY2020 for formula bus and bus facilities grants.

Requires DOT to carry out a state pool pilot grant program for eligible recipients or state or local governmental entities in urbanized areas with a population of between 200,000 and 999,999 to support their transit asset management plans.

Revises requirements for competitive grants to eligible recipients for bus and bus facilities capital projects. Authorizes competitive grants for low or no emission bus projects.

(Sec. 3018) Limits obligational ceilings for FY2016-FY2020 for:

- formula grants for public transportation, including allocations for specified projects; and
- grants for installation of positive train control systems.

(Sec. 3019) Authorizes states (lead procurement agencies) and grantees of public transportation assistance may enter into a cooperative procurement contracts with one or more vendors for the purchase of rolling stock (railroad cars) and related equipment.

Directs DOT to establish a pilot program for lead nonprofit entities similarly to enter into such contracts for such stock and equipment.

Authorizes grantees to enter into capital leases for:

- the costs of rolling stock or related equipment, and
- certain zero emission vehicle components.

(Sec. 3020) Directs DOT to:

- begin a review of the efficacy of existing safety standards and protocols used in rail fixed guideway public transportation systems, and

evaluate the need to establish additional federal minimum public transportation safety standards after conducting the review.

(Sec. 3021) Requires DOT to enter into an agreement with the Transportation Research Board of the National Academies of Sciences, Engineering, and Medicine to evaluate whether it is in the public interest to withhold certain evidentiary public transportation safety program information in federal and state court proceedings.

(Sec. 3022) Directs DOT, after publication of a report required by Sec. 3020, to issue a notice of proposed rulemaking on protecting public transportation operators from the risk of assault.

(Sec. 3023) Declares that any paratransit systems currently coordinating complementary paratransit service for more than 40 fixed route agencies shall be permitted to continue using an existing tiered, distance-based coordinated paratransit fare system if the fare is not increased by a greater percentage than any increase to the fixed route fare for the largest transit agency in the complementary paratransit service area.

(Sec. 3024) Requires DOT to report to Congress on the potential of the Internet of Things to improve transportation services in rural, suburban, and urban areas. (The Internet of Things is the network of physical devices, vehicles, buildings and other items embedded with electronics, software, sensors, actuators, and network connectivity that enable these objects to collect and exchange data.)

(Sec. 3025) Requires DOT to study parking safety at specified alternative transportation facilities and locations.

(Sec. 3026) Grants DOT sole authority to appoint Federal Directors to the Board of Directors of the Washington Metropolitan Area Transit Authority (WMATA).

Directs parties to the WMATA Compact to amend it to reflect such authority.

(Sec. 3027) Directs the GAO to evaluate the impact that MAP-21 changes had on public transportation, including the effectiveness of public transportation agencies to:

- furnish public transportation to low-income workers in accessing jobs and use reverse commute services; and
- support services to low-income riders to access jobs, medical services, and other life necessities.

(Sec. 3028) Makes \$199 million available from the HTF Mass Transit Account for FY2017 for competitive grants for the installation of PTC systems.

(Sec. 3030) Amends MAP-21 to repeal:

- the pilot program for expedited new fixed guideway capital project or a core capacity improvement project delivery,
- the transit cooperative research program,
- requirements for public transportation facility projects for bicycles, and
- human resources and training programs in public transportation.

TITLE IV--HIGHWAY TRAFFIC SAFETY

(Sec. 4001) Reauthorizes appropriations from the Highway Trust Fund (HTF) (other than the Mass Transit Account) for FY2016-FY2020 for National Highway Traffic Safety Administration (NHTSA) safety programs, including:

- the highway safety research and development program,

- national priority safety programs,
- the National Driver Register,
- the High Visibility Enforcement Program, and
- NHTSA administrative expenses.

(Sec. 4002) Revises highway safety program requirements.

Requires state highway safety programs to increase driver awareness of commercial motor vehicles to prevent crashes and reduce injuries and fatalities.

Requires states with installed automated traffic enforcement systems to expend the apportionment of highway safety program funds to conduct a biennial survey of such systems, and make it available on DOT's website.

Directs DOT, in coordination with the Governors Highway Safety Association, to develop procedures to allow states to submit highway safety plans electronically.

Reduces from 60 to 45 the number of days during which DOT must review and approve state highway safety plans it has received.

Revises teen traffic safety requirements.

(Sec. 4003) Revises the highway safety research and development program.

Directs NHTSA (which currently is merely authorized) to carry out collaborative research on in-vehicle alcohol detection technology to prevent alcohol-impaired driving. Directs DOT to obligate up to a certain amount of funds for the period FY2017-FY2020 to related research.

Requires DOT to establish procedures and guidelines to ensure that persons participating in a program or activity that collects data on drug or alcohol use by motor vehicle drivers are informed that the program or activity is voluntary.

Sets the federal share of project costs at 100%.

(Sec. 4004) Directs DOT to establish a high-visibility enforcement program under which at least three high-visibility traffic safety law enforcement campaigns will be carried out for FY2016-FY2020.

Requires each campaign to achieve at least one of the following objectives:

- reduce alcohol-impaired or drug-impaired driving, and
- increase the use of seatbelts.

(Sec. 4005) Revises national priority safety programs requirements.

Specifies allocations of national priority safety program funds for occupant protection, state traffic safety information system improvements, impaired driving countermeasures, distracted driving, motorcyclist safety, state graduated driver licensing laws, and nonmotorized safety.

Increases from 75% to 100% the amount of the apportionment of occupant protection grants a state may use for state highway safety programs.

Revises requirements for impaired driving countermeasures incentive grants.

Requires DOT to award separate grants to each state that:

- adopts and is enforcing a law that requires all individuals convicted of driving under the influence of alcohol or driving while intoxicated to receive a restriction on driving privileges, and
- provides a 24-7 sobriety program.

Prescribes funding requirements.

Directs DOT to award distracted driving incentive grants to states that include distracted driving awareness as part of the state's driver's license examination, and enact and enforce a law that:

- prohibits drivers (including those under age 18) from texting through a personal wireless communications device (including a cell phone, but not a global navigation satellite [GPS] system receiver) while driving (with specified emergency exceptions),
- makes a violation a primary offense,
- establishes a minimum fine, and
- does not provide an exemption that allows a driver to text through a personal wireless communication device while stopped in traffic.

Revises motorcyclist safety incentive grant requirements.

Requires the allocation of motorcyclist safety grant funds to a state to be in proportion to the state's apportionment of highway safety program funds for FY2009, except that the grant amount may not exceed 25% of the apportionment for FY2009.

Directs DOT to update and give states model language to use in traffic safety education courses, driver's manuals, and other driver training materials instructing motor vehicle operators on the importance of sharing the road safely with motorcyclists.

Revises minimum requirements for state graduated driver licensing incentive grant programs.

Requires DOT to award incentive grants to states with graduated driving licensing laws that require novice drivers under age 18 (currently, under age 21) to comply with a two-stage licensing process before receiving an unrestricted driver's license.

Requires such laws, at a minimum, to include a learner's permit stage that:

- makes a violation of the prohibition against using a personal wireless communications device while driving (with specified emergency exceptions) a primary offense,
- requires applicants to pass a vision and knowledge assessment before receiving a learner's permit,
- requires the driver to be accompanied and supervised at all times while operating the motor vehicle by a licensed driver at least age 21 or by a state-certified driving instructor,
- requires the driver to complete a state-certified driver education or training course or obtain at least 50 hours of behind-the-wheel training (with at least 10 hours at night), with a licensed driver; and
- remains in effect until the driver attains age 16 and enters the intermediate stage, or attains 18.

Requires such laws also to include an intermediate permit stage that:

begins immediately after successful completion of a driving skills assessment,

- makes a violation of the prohibition against using a personal wireless communications device while driving (with specified emergency exceptions) a primary offense,
- restricts driving at night between the hours of 10:00 p.m. and 5:00 a.m. when not supervised by a licensed driver age 21 or older (with specified exceptions) for the first six months of the intermediate stage, and
- remains in effect until the driver attains age 17.

Directs DOT to award nonmotorized safety grants to states for projects to decrease pedestrian and bicycle fatalities and injuries resulting from crashes with motor vehicles. Sets the federal share of project costs at up to 80%.

(Sec. 4006) Directs DOT to develop a process to identify and mitigate possible systemic issues across state and regional offices by reviewing recommendations identified in triennial state management reviews of state highway safety programs.

(Sec. 4007) Prohibits DOT from providing grants or funds to any state, county, town, township, Indian tribe, municipality, or other local government for use in any program to check helmet usage or create checkpoints for a motorcycle driver or passenger.

(Sec. 4008) Directs DOT to study marijuana-impaired driving.

(Sec. 4009) Directs the NHTSA to identify and carry out additional actions it should undertake to assist state efforts to increase public awareness of the dangers of drug-impaired driving, including the dangers of driving while under the influence of heroin or prescription opioids.

(Sec. 4010) Directs DOT to make available to the public on the DOT website information on states awarded national priority safety program grants.

(Sec. 4011) Amends SAFETEA-LU regarding grants to states for costs of collecting and evaluating traffic stop data based on race of motor vehicle driver and any passenger.

Repeals authority to use grant funds to develop and implement programs to reduce the occurrence of racial profiling, including programs to train law enforcement officers.

Directs DOT to set-aside \$7.5 million of highway safety research and development funds for each of FY2017-FY2020 to carry out this grant program.

Authorizes reallocation of such amounts remaining available before the end of the fiscal year to increase the amounts made available to carry out other highway safety research and development activities.

(Sec. 4012) Directs DOT to report to Congress on NHTSA progress toward reviewing and implementing recommendations made in a GAO report on the National Roadside Survey of alcohol and drug use by drivers.

(Sec. 4013) Directs NHTSA to report on any barriers to collecting data on the prevalence of the use of wireless communications devices while driving.

TITLE V--MOTOR CARRIER SAFETY

Subtitle A--Motor Carrier Safety Grant Consolidation

(Sec. 5101) Revises requirements for the motor carrier safety assistance grant program.

Directs DOT to publish approved state multiple-year motor carrier safety improvement plans, and annual updates, on the DOT public website.

Authorizes DOT, in lieu of withdrawing approval of noncompliant state plans, to withhold from such states, for the fiscal year, graduated percentages of grant program funds.

Directs DOT to administer a financial assistance program for discretionary grants to and cooperative agreements with states, local governments, federally-recognized Indian tribes, and other persons to carry out high priority motor carrier safety activities and projects.

Requires DOT to establish a program of discretionary grants to states for the innovative technology deployment of commercial motor vehicle information systems and networks.

Revises requirements for reimbursement of a state, from a related grant, for 80% of the costs of developing and implementing programs to improve commercial motor vehicle safety and enforce commercial motor vehicle regulations, standards, or orders. Replaces this program with commercial motor vehicle operators grants to programs to train individuals in the safe operation of commercial motor vehicles.

Authorizes appropriations from the Highway Trust Fund (HTF) (other than the Mass Transit Account) for FY2017-FY2020 for FMCSA Financial Assistance Programs, including:

- the motor carrier safety assistance grant program,
- the high priority activities program,
- the commercial motor vehicle operators grant program, and
- the commercial driver's license program implementation grant program (established in this title).

Repeals specified commercial motor vehicle safety programs.

(Sec. 5102) Renames the performance and registration information program as the performance and registration information systems management program.

(Sec. 5103) Reauthorizes appropriations from HTF (other than the Mass Transit Account) for FY2016-FY2020 for FMCSA administrative expenses.

Authorizes DOT to conduct an outreach and education program administered by the FMCSA.

(Sec. 5104) Revises the program of financial assistance grants to states to implement the commercial driver's license program.

Repeals the authorization for grants in a fiscal year to state agencies, local governments, or persons to cover 100% of the costs of priority research, development or testing, demonstration projects, public education, or other special activities relating to commercial driver's licensing and motor vehicle safety.

(Sec. 5105) Reauthorizes appropriations from the HTF (other than the Mass Transit Account) for FY2016 for the motor carrier safety assistance grant program.

Amends SAFETEA-LU to reauthorize through FY2016 appropriations from the HTF (other than the Mass Transit Account) for FMCSA programs, including:

the commercial driver's license program improvement grants program,

- border enforcement grants,
- the performance and registration information systems management grant program,
- the commercial vehicle information systems and networks deployment program (also known as the innovative technology deployment program), and
- safety data improvement grants.

Extends through FY2016 the set-aside of certain funds for:

- high priority activities and projects to improve commercial motor vehicle safety and compliance with federal commercial motor vehicle safety regulations; and
- new entrant motor carrier audit grants.

Reauthorizes through FY2016 appropriations from the HTF (other than the Mass Transit Account) for the commercial motor vehicle operators grant program.

(Sec. 5106) Directs DOT to establish a motor carrier safety assistance program formula working group to analyze requirements and factors for a new motor carrier safety assistance program allocation formula based on specified factors.

Prescribes requirements for program funding before development of a new allocation formula.

(Sec. 5107) Directs DOT, if a new allocation formula has not been established for the pertinent fiscal year, to calculate for FY2017 and ensuing fiscal years the maintenance of effort baseline for funding the lead state agency responsible for administering the motor carrier safety assistance plan.

Allows DOT, at state request, beginning when a

Actions Timeline

- **Dec 4, 2015:** Message on Senate action sent to the House.
- **Dec 4, 2015:** Presented to President.
- **Dec 4, 2015:** Signed by President.
- **Dec 4, 2015:** Became Public Law No: 114-94.
- **Dec 3, 2015:** Rule H. Res. 546 passed House.
- **Dec 3, 2015:** Mr. Shuster brought up conference report H. Rept. 114-357 for consideration pursuant to H. Res. 546. (consideration: CR H8988-9000)
- **Dec 3, 2015:** DEBATE - The House proceeded with one hour of debate on the conference report to accompany H.R. 22.
- **Dec 3, 2015:** The previous question was ordered pursuant to the rule. (consideration: CR H8999)
- **Dec 3, 2015:** Conference report agreed to in House: On agreeing to the conference report Agreed to by the Yeas and Nays: 359 - 65 (Roll no. 673).(consideration: CR H8999)
- **Dec 3, 2015:** Motions to reconsider laid on the table Agreed to without objection.
- **Dec 3, 2015:** On agreeing to the conference report Agreed to by the Yeas and Nays: 359 - 65 (Roll no. 673). (consideration: CR H8999)
- **Dec 3, 2015:** Conference papers: message on House action held at the desk in Senate.
- **Dec 3, 2015:** Conference report considered in Senate. (consideration: CR S8357-8366)
- **Dec 3, 2015:** Point of order that section 32205 of the conference report violates the scope of conference under Rule XXVIII raised in Senate.
- **Dec 3, 2015:** Motion to waive Rule XXVIII relative to section 32205 with respect to the conference report agreed to by Yea-Nay Vote. 77 - 22. Record Vote Number: 330. (consideration: CR S8363-8364)
- **Dec 3, 2015:** Conference report agreed to in Senate: Senate agreed to conference report, under the order of 12/3/2015, having achieved 60 votes in the affirmative, by Yea-Nay Vote. 83 - 16. Record Vote Number: 331.
- **Dec 3, 2015:** Senate agreed to conference report, under the order of 12/3/2015, having achieved 60 votes in the affirmative, by Yea-Nay Vote. 83 - 16. Record Vote Number: 331.
- **Dec 2, 2015:** Rules Committee Resolution H. Res. 546 Reported to House. Rule provides for consideration of the conference report to H.R. 22. Resolution waives all points of order against the conference report and against its consideration. Conference report is considered as read and debatable for one hour. A motion to recommit is allowed if applicable.
- **Dec 1, 2015:** Conference report filed: Conference report H. Rept. 114-357 filed.(text of conference report: CR H8679-8822)
- **Dec 1, 2015:** Conference report H. Rept. 114-357 filed. (text of conference report: CR H8679-8822)
- **Dec 1, 2015:** Conference papers: Senate report and manager's statement held at the desk in Senate.
- **Nov 18, 2015:** Conference committee actions: Conference held.
- **Nov 18, 2015:** Conference held.
- **Nov 17, 2015:** The Speaker appointed additional conferees - from the Committee on Armed Services, for consideration of sec. 1111 of the House amendment, and modifications committed to conference: Thornberry, Rogers (AL), and Sanchez, Loretta. (consideration: CR H8278)
- **Nov 17, 2015:** The Speaker appointed additional conferees - from the Committee on Energy and Commerce, for consideration of secs. 1109, 1201, 1202, 3003, Division B, secs. 31101, 31201, and Division F of the House amendment and secs. 11005, 11006, 11013, 21003, 21004, subtitles B and D of title XXXIV, secs. 51101 and 51201 of the Senate amendment, and modifications committed to conference: Upton, Mullin, and Pallone. (consideration: CR H8278)
- **Nov 17, 2015:** The Speaker appointed additional conferees - from the Committee on Financial Services, for consideration of sec. 32202 and Division G of the House amendment and secs. 52203 and 52205 of the Senate amendment, and modifications committed to conference: Hensarling, Neugebauer, and Waters, Maxine. (consideration: CR H8278)
- **Nov 17, 2015:** The Speaker appointed additional conferees - from the Committee on the Judiciary, for consideration of secs. 1313, 24406, and 43001 of the House amendment and secs. 32502 and 35437 of the Senate amendment, and modifications committed to conference: Goodlatte, Marino, and Lofgren. (consideration: CR H8278)
- **Nov 17, 2015:** The Speaker appointed additional conferees - from the Committee on Natural Resources, for consideration of secs. 1114-16, 1120, 1301, 1302, 1304, 1305, 1307, 1308, 1310-13, 1316, 1317, 10001, and 10002 of the House amendment and secs. 11024-27, 11101-13, 11116-18, 15006, 31103-05, and 73103 of the Senate

amendment and modifications committed to conference: Thompson (PA), LaHood, and Grijalva. (consideration: CR H8278)

- **Nov 17, 2015:** The Speaker appointed additional conferees - from the Committee on Oversight and Government Reform, for consideration of secs. 5106, 5223, 5504, 5505, 61003, and 61004 of the House amendment and secs. 12004, 21019, 31203, 32401, 32508, 32606, 35203, 35311, and 35312 of the Senate amendment, and modifications committed to conference: Mica, Hurd (TX), and Connolly. (consideration: CR H8278)
- **Nov 17, 2015:** The Speaker appointed additional conferees - from the Committee on Science, Space, and Technology, for consideration of secs. 3008, 3015, 4003, and title VI of the House amendment and secs. 11001, 12001, 12002, 12004, 12102, 21009, 21017, subtitle B of title XXXI, secs. 35105 and 72003 of the Senate amendment, and modifications committed to conference: Smith (TX), Comstock, and Edwards. (consideration: CR H8278)
- **Nov 17, 2015:** The Speaker appointed additional conferees - from the Committee on Ways and Means, for consideration of secs. 31101, 31201, and 31203 of the House amendment, and secs. 51101, 51201, 51203, 52101, 52103-05, 52108, 62001, and 74001 of the Senate amendment, and modifications committed to conference: Brady (TX), Reichert, and Levin. (consideration: CR H8278)
- **Nov 17, 2015:** SENATE NOTIFICATION - The Chair announced that the Senate would be notified of the appointment of additional conferees.
- **Nov 10, 2015:** Message on House action received in Senate and at desk: House amendment to Senate amendment and House requests a conference.
- **Nov 10, 2015:** Measure laid before Senate by unanimous consent. (consideration: CR S7881-7887)
- **Nov 10, 2015:** Motion to disagree to the House amendment to the Senate amendment, agree to the request for conference, and authorize the Presiding Officer to appoint conferees made in Senate. (consideration: CR S7881)
- **Nov 10, 2015:** Cloture motion on the motion to disagree to the House amendment to the Senate amendment, agree to the request for conference, and authorize the Presiding Officer to appoint conferees presented in Senate. (consideration: CR S7881; text: CR S7881)
- **Nov 10, 2015:** Cloture on the motion to disagree to the House amendment to the Senate amendment, agree to the request for conference, and authorize the Presiding Officer to appoint conferees invoked in Senate by Yea-Nay Vote. 82 - 7. Record Vote Number: 303. (consideration: CR S7886)
- **Nov 10, 2015:** Motion to disagree to the House amendment to the Senate amendment, agree to the request for conference, and authorize the Presiding Officer to appoint conferees agreed to in Senate by Unanimous Consent.
- **Nov 10, 2015:** Senate disagrees to the House amendment to the Senate amendment, agrees to the request for conference, and authorizes the Presiding Officer to appoint conferees.
- **Nov 10, 2015:** Motion by Senator Wicker to instruct Senate conferees made in Senate. (consideration: CR S7886)
- **Nov 10, 2015:** Motion by Senator Wicker to instruct Senate conferees (combination length limitations) agreed to in Senate by Yea-Nay Vote. 56 - 31. Record Vote Number: 304. (consideration: CR S7886-7887)
- **Nov 10, 2015:** Motion by Senator Blumenthal to instruct Senate conferees made in Senate. (consideration: CR S7887)
- **Nov 10, 2015:** Motion by Senator Blumenthal to instruct Senate conferees (rail safety provisions) agreed to in Senate by Voice Vote. (consideration: CR S7887)
- **Nov 10, 2015:** Senate appointed conferees Inhofe, Thune, Hatch, Murkowski, Fischer, Barrasso, Cornyn, Boxer, Brown, Nelson, Wyden, Durbin, Schumer. (consideration: CR S7887)
- **Nov 10, 2015:** Message on Senate action sent to the House.
- **Nov 5, 2015:** DEBATE - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Part B Mullin amendment No. 16.
- **Nov 5, 2015:** POSTPONED PROCEEDINGS - At the conclusion of debate on the Mullin amendment, the Chair put the question on adoption of the amendment, and by voice vote announced that the ayes had prevailed. Ms. Schakowsky demanded a recorded vote, and the Chair postponed further proceedings on adoption of the amendment until a time to be announced.
- **Nov 5, 2015:** DEBATE - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Burgess Part B amendment No. 17.
- **Nov 5, 2015:** POSTPONED PROCEEDINGS - At the conclusion of debate on the Burgess amendment, the Chair put the question on adoption of the amendment, and by voice vote announced that the ayes had prevailed. Ms. Schakowsky demanded a recorded vote, and the Chair postponed further proceedings on adoption of the amendment until a time to be announced.
- **Nov 5, 2015:** DEBATE - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Neugebauer Part B amendment No. 18.

- Nov 5, 2015: POSTPONED PROCEEDINGS** - At the conclusion of debate on the Neugebauer amendment, the Chair put the question on adoption of the amendment, and by voice vote announced that the ayes had prevailed. Ms. Waters demanded a recorded vote, and the Chair postponed further proceedings on adoption of the amendment until a time to be announced.
- **Nov 5, 2015: DEBATE** - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Part B Gosar amendment No. 19.
 - **Nov 5, 2015: DEBATE** - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Goodlatte Part B amendment No. 20.
 - **Nov 5, 2015: DEBATE** - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Hensarling Part B amendment No. 21.
 - **Nov 5, 2015: DEBATE** - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Part B Mullin amendment No. 22.
 - **Nov 5, 2015:** Mr. Mullin moved that the Committee rise.
 - **Nov 5, 2015:** On motion that the Committee rise Agreed to by voice vote.
 - **Nov 5, 2015:** Committee of the Whole House on the state of the Union rises leaving H.R. 22 as unfinished business.
 - **Nov 5, 2015:** Considered as unfinished business. (consideration: CR H8129-8133, H8133-8136)
 - **Nov 5, 2015:** The House resolved into Committee of the Whole House on the state of the Union for further consideration.
 - **Nov 5, 2015:** Pursuant to the rule the committee rose.
 - **Nov 5, 2015:** The House rose from the Committee of the Whole House on the state of the Union to report House amendments to Senate amendment to H.R.22.
 - **Nov 5, 2015:** The previous question was ordered pursuant to the rule. (consideration: CR H8132)
 - **Nov 5, 2015:** Pursuant to H.Res. 512, the Chair put the question on adoption of the amendments en gros.
 - **Nov 5, 2015:** On motion to agree to the House amendments en gros Agreed to by recorded vote: 363 - 64 (Roll no. 623). (consideration: CR H8132-8133)
 - **Nov 5, 2015:** Pursuant to Section 6 of H.Res. 512, the Chair announced that a motion that the House concur in the Senate amendment to the text of H.R. 22 with an amendment is adopted, and a motion that the House concur in the Senate amendment to the title of H.R. 22 is adopted.
 - **Nov 5, 2015:** Mr. Shuster moved that the House agree with an amendment to the Senate amendments, insist upon its amendment to the Senate amendments, and request a conference. (consideration: CR H8133-8134)
 - **Nov 5, 2015:** On motion that the House agree with an amendment to the Senate amendments, insist upon its amendment to the Senate amendments, and request a conference Agreed to by recorded vote: 371 - 54 (Roll No. 624).
 - **Nov 5, 2015:** Mr. Huffman moved that the House instruct conferees. (consideration: CR H8134-8135; text: CR H8134)
 - **Nov 5, 2015: DEBATE** - The House proceeded with one hour of debate on the Huffman motion to instruct conferees on H.R. 22. The instructions contained in the motion seek to require the managers on the part of the House to agree to the provisions of the Senate amendment that establish the total amount of funding to be provided for each of fiscal years 2016 through 2021 out of the Highway Trust Fund for surface transportation programs; and insist on section 1414(b) of the House amendment (relating to adjustments to contract authority).
 - **Nov 5, 2015:** The previous question was ordered without objection. (consideration: CR H8135)
 - **Nov 5, 2015:** The Speaker appointed conferees - from the Committee on Transportation and Infrastructure for consideration of the House amendment and the Senate amendment, and modifications committed to conference: Shuster, Duncan of Tennessee, Graves of Missouri, Miller of Michigan, Crawford, Barletta, Farenthold, Gibbs, Denham, Ribble, Perry, Woodall, Katko, Babin, Hardy, Graves of Louisiana, DeFazio, Norton, Nadler, Brown of Florida, Eddie Bernice Johnson of Texas, Cummings, Larsen of Washington, Capuano, Napolitano, Lipinski, Cohen, and Sires. (consideration: CR H8136)
 - **Nov 5, 2015: APPOINTMENT OF FURTHER CONFEREES** - The Chair announced that further appointments of conferees would occur at a subsequent time.
 - **Nov 4, 2015:** Considered as unfinished business. (consideration: CR H7650-7652)
 - **Nov 4, 2015: WITHDRAWAL OF DEMAND FOR RECORDED VOTE** - Mr. Rothfus asked unanimous consent to withdraw his demand for a recorded vote on the question of adoption of the Rothfus Part B Amendment No. 40, to the end that the amendment be adopted on the basis of the earlier voice vote. Agreed to without objection.
 - **Nov 4, 2015: UNFINISHED BUSINESS** - The Chair announced that the unfinished business was on adoption of amendments which had been debated earlier and on which further proceedings had been postponed.

- Nov 4, 2015:** Pursuant to the rule the committee rose.
- **Nov 4, 2015:** Rule H. Res. 512 passed House.
 - **Nov 4, 2015:** Considered under the provisions of rule H. Res. 512.
 - **Nov 4, 2015:** Rule provides for consideration of Senate amendments to H.R. 22. Resolution provides for consideration of further amendments to the Senate amendments to H.R. 22.
 - **Nov 4, 2015:** Mr. Shuster moved that the committee rise.
 - **Nov 4, 2015:** On motion that the committee rise Agreed to by voice vote.
 - **Nov 4, 2015:** Committee of the Whole House on the state of the Union rises leaving H.R. 22 as unfinished business.
 - **Nov 4, 2015:** ORDER OF PROCEDURE - Mr. Shuster asked unanimous consent that during further consideration of the Senate amendments to H.R. 22, pursuant to H.Res. 512, amendment number 1 printed in Part A of House Report 114-326 may be considered out of sequence. Agreed to without objection.
 - **Nov 4, 2015:** Considered as unfinished business. (consideration: CR H7654-7686, H7686-7740)
 - **Nov 4, 2015:** The House resolved into Committee of the Whole House on the state of the Union for further consideration.
 - **Nov 4, 2015:** DEBATE - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Tim Ryan Part A amendment No. 2.
 - **Nov 4, 2015:** DEBATE - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Hunter Part A amendment No. 3.
 - **Nov 4, 2015:** DEBATE - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the DeSaulnier Part A amendment No. 5.
 - **Nov 4, 2015:** POSTPONED PROCEEDINGS - At the conclusion of debate on the DeSaulnier amendment, the Chair put the question on adoption of the amendment, and by voice vote announced that the noes had prevailed. Mr. DeSaulnier demanded a recorded vote, and the Chair postponed further proceedings on adoption of the amendment until a time to be announced.
 - **Nov 4, 2015:** DEBATE - Pursuant to the provisions of H. Res. 512, the Committee of the Whole proceeded with 10 minutes of debate on the Cartwright Part A amendment No. 6.
