## **Friendly Airports for Mothers Act of 2015**

This bill authorizes the Secretary of Transportation to approve a grant application for an airport development project only if the Secretary receives written assurances that the owner or operator of a large or medium hub airport will maintain a lactation area at each passenger terminal building of the airport behind the airport security screening area.

The bill defines "lactation area" to mean a room or other location in a commercial service airport for members of the public to express breast milk that:

- is shielded from view and free from intrusion from the public;
- has a door that can be locked;
- includes a place to sit, a table or other flat surface, and an electrical outlet;
- is readily accessible to and usable by individuals with disabilities; and
- is not located in a restroom.

The Secretary may approve a terminal development project for the construction or installation of a lactation area at a commercial service airport.

## **Actions Timeline**

---
