Directs the Government Accountability Office (GAO) to review every four years the rate tables established by the Federal Emergency Management Agency for implementing the national flood insurance program under the National Flood Insurance Act of 1968, and determine whether: (1) the chargeable premium rates for flood insurance coverage determined by those tables are actuarially sound, based on standard actuarial practices used in the private sector; and (2) such chargeable premium rates are sufficient to ensure the long-term financial sustainability of the national flood insurance program.
