Defense Against Digital Theft Act

This bill directs the Office of Personnel Management (OPM) to provide individuals who have been affected by a breach of personnel records in a database network maintained by the Department of the Interior or OPM with complimentary identity protection coverage that: (1) is not less comprehensive than the complimentary identity protection coverage provided before the enactment date of this Act, (2) is effective for a period of not less than 10 years, and (3) includes not less than \$5 million in identity theft insurance.

The bill requires OPM to: (1) issue regulations to ensure that affected individuals whose credit scores have been negatively impacted by a data breach are not disqualified from access to classified information solely on the basis of a compromised credit score, and (2) establish a task force to develop specific recommendations on mitigating adverse consequences relating to data breaches.

Actions Timeline

- **Jul 29, 2015:** Introduced in House
- **Jul 29, 2015:** Referred to the House Committee on Oversight and Government Reform.
