## **Security and Privacy in Your Car Study Act of 2015 or the SPY Car Study Act of 2015**

This bill requires the National Highway Traffic Safety Administration to conduct a study to determine and recommend standards for the regulation of the cybersecurity of motor vehicles manufactured or imported for sale in the United States.

The study shall identify:

- isolation measures that are necessary to separate critical software systems that can affect the driver's control of the movement of the vehicle from other software systems;
- measures that are necessary to detect and prevent or minimize anomalous codes, in vehicle software systems, associated with malicious behavior;
- techniques that are necessary to detect and prevent, discourage, or mitigate intrusions into vehicle software systems and other cybersecurity risks in motor vehicles; and
- best practices to secure driving data about a vehicle's status or about the owner, lessee, driver, or passenger of a vehicle that is collected by the electronic systems of motor vehicles.
