#### Equity and Excellence in American Education Act of 2015

This bill authorizes the Department of Education (ED) to establish and administer several new grant programs.

ED shall carry out the Equity and Excellence Initiative to provide grants to states to match each state's enhanced investment in meaningful educational opportunities for children who attend targeted schools. A "targeted school" is a public elementary or secondary school at which a specified percentage of students: (1) are eligible for free or reduced-priced lunch; (2) qualify as limited English proficient; or (3) are racial or ethnic minorities, Indian, or migratory. Schools may use these grant funds to implement systems-based reforms and initiatives to enhance student achievement. A state that receives grant funds must meet specified maintenance of effort requirements.

If ED determines that a state has failed to invest sufficient resources to create meaningful educational opportunities for all children attending targeted schools in that state, ED is authorized, through the Educating Every Child Initiative, to make grants directly to local educational agencies for distribution to targeted schools. A state in which targeted schools receive grant funds must meet specified funding obligations with respect to those schools.

ED is also authorized to establish the Equitable and Sustainable Fiscal Policy Program to provide technical assistance grants to support state fiscal reform efforts aimed at ensuring meaningful educational opportunities for all children.

The bill establishes various reporting requirements for ED and for grant recipients. ED must develop accountability metrics to measure grant performance.
