Protecting Internet Freedom Act

This bill prohibits the Assistant Secretary of Commerce for Communications and Information from allowing the National Telecommunications and Information Administration's responsibility for Internet domain name system functions, including the authoritative root zone file and the performance of the Internet Assigned Numbers Authority functions, to cease unless a federal statute enacted after enactment of this bill expressly grants the Assistant Secretary such authority.

The Assistant Secretary must certify to Congress that the U.S. government has: (1) secured sole ownership of the .gov and .mil top-level domains, and (2) entered into a contract with the Internet Corporation for Assigned Names and Numbers that provides the U.S. government with exclusive control and use of those domains in perpetuity.
