## **Rural ACO Provider Equity Act of 2016**

This bill amends title XVIII (Medicare) of the Social Security Act to establish additional requirements for assigning Medicare fee-for-service beneficiaries to accountable care organizations (ACOs) under the Medicare shared savings program. (The program enables ACOs to receive payments for savings stemming from care coordination and management.)

Specifically, the bill requires the basis for assignment to reflect beneficiaries' utilization of not only primary care services provided by ACO physicians, but also those furnished in federally qualified health centers or rural health clinics.
