Summary (as of Dec 7, 2016)

Expresses support for a national goal of phasing out fossil fuel emissions and, by 2050, generating 100% of the electricity consumed in the United States from clean energy resources. Expresses support for policies to achieve that goal that will: (1) create jobs for all individuals and build a sustainable economy, and (2) ensure universal access to clean energy for all homes and businesses in the United States.
