Summary (as of Mar 4, 2015)

Quicker Veterans Benefits Delivery Act of 2015

Requires (current law authorizes) the Department of Veterans Affairs (VA) to accept, for purposes of establishing a claim for veterans disability benefits, a report of a medical examination administered by a private physician without requiring confirmation by a Veterans Health Administration physician if the report is sufficiently complete. Defines "sufficiently complete" as competent, credible, probative, and containing such information as required to make a decision on the claim for which the report is provided.

Requires the Secretary to submit: (1) a report on the progress of the VA's Acceptable Clinical Evidence initiative in reducing the necessity for in-person disability examinations, and (2) an annual report for each VA regional office regarding claims for which private medical evidence was determined to be unacceptable.
