Expanded & Improved Medicare for All Act

Establishes the Medicare for All Program to provide all individuals residing in the United States and U.S. territories with free health care that includes all medically necessary care, such as primary care and prevention, dietary and nutritional therapies, prescription drugs, emergency care, long-term care, mental health services, dental services, and vision care.

Prohibits an institution from participating unless it is a public or nonprofit institution. Allows nonprofit health maintenance organizations (HMOs) that deliver care in their own facilities to participate.

Allows patients to choose from participating physicians and institutions.

Prohibits a private health insurer from selling health insurance coverage that duplicates the benefits provided under this Act. Allows insurers to sell benefits that are not medically necessary, such as cosmetic surgery benefits.

Sets forth methods to pay institutional providers of care and health professionals for services. Prohibits financial incentives between HMOs and physicians based on utilization.

Establishes the Medicare for All Trust Fund to finance the Program with amounts deposited: (1) from existing sources of government revenues for health care, (2) by increasing personal income taxes on the top 5% of income earners, (3) by instituting a progressive excise tax on payroll and self-employment income, (4) by instituting a tax on unearned income, and (5) by instituting a tax on stock and bond transactions. Transfers and appropriates to carry out this Act amounts that would have been appropriated for federal public health care programs, including Medicare, Medicaid, and the Children's Health Insurance Program (CHIP).

Requires the Medicare for All Program to give employment transition benefits and first priority in retraining and job placement to individuals whose jobs are eliminated due to reduced clerical and administrative work.

Requires creation of a confidential electronic patient record system.

Establishes a National Board of Universal Quality and Access to provide advice on quality, access, and affordability.

Requires the eventual integration of the Indian Health Service into the Program, and an evaluation of the continued independence of Department of Veterans Affairs health programs.
