Vehicle-to-Infrastructure Safety Technology Investment Flexibility Act of 2015

This bill makes eligible for funding under the National Highway Performance Program, the Surface Transportation Program, and the Highway Safety Improvement Program projects for the installation of vehicle-to-infrastructure communication equipment.

"Vehicle-to-infrastructure communication equipment" means equipment that provides a wireless exchange of critical safety and operational data between highway infrastructure and vehicles in order to avoid or mitigate vehicle collisions and enable a wide range of other safety, mobility, and environmental benefits.
