Summary (as of Apr 24, 2018)

Small Business Advanced Cybersecurity Enhancements Act of 2018

This bill amends the Small Business Act to direct the Small Business Administration in coordination with the Department of Commerce to create a central small business cybersecurity assistance unit and small business cybersecurity assistance units in each small business development center.

The units shall serve as the primary interface for small business concerns to receive and share cyber threat indicators and defensive measures with the federal government.
