## Summary (as of Sep 7, 2017)

### Addiction Treatment Access Improvement Act of 2017

This bill amends the Controlled Substances Act to revise the qualifications required for a practitioner to administer, dispense, or prescribe narcotic drugs for maintenance or detoxification treatment in an office-based opioid treatment program.

It increases the maximum patient limit for a qualifying practitioner who meets certain requirements. The maximum patient limit is the maximum number of patients a qualifying practitioner can treat at one time.

The bill expands qualifying practitioners to include additional nonphysician practitioners: clinical nurse specialists, certified registered nurse anesthetists, and certified nurse midwives.

It makes permanent the authorization for certain nonphysician practitioners to become qualifying practitioners.
