A practitioner's participation in either program shall be optional.

Through each program, the Centers for Medicare & Medicaid Services (CMS) shall provide to an enrollee's participating primary-care practitioner a single, monthly, performance-based payment for covered CKD care-management services furnished to the enrollee. The amount of this payment shall be greater than the amount that the practitioner would otherwise have received under Medicare for furnishing such services to the enrollee. The CMS shall specify applicable performance measures, in accordance with clinical guidelines.
