Mainstreaming Addiction Treatment Act of 2019

This bill removes the requirement that a health care practitioner apply for a separate waiver through the Drug Enforcement Administration (DEA) to dispense certain narcotic drugs (e.g., buprenorphine) for maintenance or detoxification treatment (i.e., substance use disorder treatment).

Further, a community health aide or community health practitioner may dispense certain narcotic drugs for maintenance or detoxification treatment without registering with the DEA if the drug is prescribed by a health care practitioner through telemedicine. It preempts state laws related to licensure for this activity.

The bill also directs the Substance Abuse and Mental Health Services Administration to conduct a national campaign to educate health care practitioners and encourage them to integrate substance use disorder treatment into their practices.

Actions Timeline

- **Jul 10, 2019:** Introduced in Senate
- **Jul 10, 2019:** Read twice and referred to the Committee on Health, Education, Labor, and Pensions.
