116 HR 933	Identical bill	Feb 15, 2019: Referred to the Subcommittee for Indigenous Peoples of the United States.

(Sec. 1) This bill directs the Department of Health and Human Services (HHS) to convey to the Tanana Tribal Council in Tanana, Alaska, all interest of the United States in and to certain property (including all land, improvements, and appurtenances) containing 11.25 acres in the village of Tanana for use in connection with health and social services programs.

(Sec. 2) HHS shall convey to the Bristol Bay Area Health Corporation in Dillingham, Alaska, all interest of the United States in and to certain property included in the Dental Annex Subdivision (including all land, improvements, and appurtenances) containing 1.474 acres more or less, also for use in connection with health and social services programs.

Such conveyances by warranty deed (1) shall supersede and render of no future effect any quitclaim deed to the property executed by HHS and the council or corporation; and (2) shall not require any consideration from the council or corporation for the property, impose any obligation, term, or condition on the council or corporation, or allow for any U.S. reversionary interest in the property.

Neither the council nor the corporation shall be liable for soil, surface water, groundwater, or other contamination resulting from the disposal, release, or presence of environmental contamination, including oil or petroleum products, or hazardous substances on any of the properties.

HHS shall (1) be accorded any easement or access to the conveyed property as may be necessary to satisfy any retained obligations and liability; and (2) comply with requirements under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 for certain deeds for the transfer of U.S.-owned real property on which any hazardous substance was stored for one year or more, disposed of, or known to have been released.
