Federal Land Asset Inventory Reform Act of 2019

This bill directs the Department of the Interior to develop and maintain a current and accurate multipurpose cadastral (inventory) of federal real property and any nonfederal real property in a state to support federal land management activities on federal real property, including resource development and conservation and agricultural use.

Interior shall report on (1) existing real property inventories or any components of any cadastral of federal real property, (2) consolidation of inventories and components, (3) the use of existing inventories and components of any cadastral, (4) cost savings that will be achieved, (5) a plan for implementation of this bill, and (6) recommendations for legislation.

Interior shall (1) make the multipurpose cadastral publicly available on the Internet, and (2) ensure that such cadastral includes the identification of all lands suitable for disposal pursuant to the Federal Land Policy and Management Act of 1976.
