Bill	Relationship	Last Action
116 HR 3744	Related bill	<b>Jul 12, 2019:</b> Referred to the Committee on Ways and Means, and in addition to the Committee on Science, Space, and Technology, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.

## **Agriculture Environmental Stewardship Act of 2019**

This bill allows energy tax credits through 2021 for investments in (1) qualified biogas property, or (2) qualified manure resource recovery property.

"Qualified biogas property" comprises a system that (1) uses anaerobic digesters or other specified processes to convert biomass into a gas which is at least 52% methane, and (2) captures the gas for use as a fuel. The term includes property that cleans and conditions the gas for use as a fuel.

"Qualified manure resource recovery property" comprises a system that uses specified processes to recover the nutrients nitrogen and phosphorus from a non-treated digestate or animal manure by reducing or separating at least 50% of the nutrients, excluding any reductions during the incineration, storage, composting, or field application of the non-treated digestate or animal manure. The term also includes certain processing equipment.

The Department of the Treasury must enter into an agreement with the National Renewable Energy Laboratory for a study of biogas and report to Congress on the study.

### **Actions Timeline**

---

- **Sep 24, 2019:** Introduced in Senate
- **Sep 24, 2019:** Read twice and referred to the Committee on Finance.
