Assuring Quality Water Infrastructure Act

This bill requires the Environmental Protection Agency (EPA) to establish a grant program to improve drinking water infrastructure. Under the program, the EPA must improve the infrastructure asset management for at least one small public water system. *Infrastructure asset management* means concepts, tools, and techniques that are intended to improve the operation of a small system through the identification and prevention of potable water loss due to leaks, breaks, and other metering or infrastructure failures.

Actions Timeline

- **Oct 23, 2019:** Introduced in Senate
- **Oct 23, 2019:** Read twice and referred to the Committee on Environment and Public Works.
