## Veterans Burn Pits Exposure Recognition Act of 2020

This bill establishes a presumption, for purposes of Department of Veterans Affairs (VA) health care benefits and wartime disability compensation, that a veteran was exposed to certain toxic substances, chemicals, and hazards from burn pits if such veteran served on active duty in a covered location during a specified time frame. A burn pit is an area used for burning solid waste in open air.

Specifically, the bill covers the following covered locations and corresponding time periods

- Iraq, between August 2, 1990, and February 28, 1991, as well as from March 19, 2003, until burn pits are no longer used in this location;
- Southwest Asia (including Kuwait, Saudi Arabia, Oman, and Qatar), from August 2, 1990, until burn pits are no longer used in these locations;
- Afghanistan, Djibouti, Syria, Jordan, Egypt, Lebanon, and Yemen from September 11, 2001, until burn pits are no longer used in these locations; and
- other locations and time periods set forth by the Airborne Hazards and Open Burn Pit Registry or determined by the VA.

Under the bill, if an exposed veteran submits insufficient evidence to establish a service-connection for purposes of disability compensation, the VA shall provide a medical examination and request medical opinions regarding a causal link between the disability and a toxic substance, chemical, or hazard.

## Actions Timeline

---

- **Sep 15, 2020:** Committee on Veterans' Affairs. Reported by Senator Moran with an amendment in the nature of a substitute. Without written report.
