## Summary (as of May 23, 2019)

### Restoring Maximum Mobility to Our Nation's Veterans Act of 2019

This bill requires the Department of Veterans Affairs (VA) to ensure that each wheelchair furnished to a veteran because of a service-connected disability restores the maximum achievable mobility and function in the activities of daily life, employment, and recreation. The VA may furnish a wheelchair to a veteran because the wheelchair restores an ability that relates exclusively to participation in a recreational activity.
