Summary (as of Feb 11, 2020)

This concurrent resolution expresses the sense of Congress that (1) it recognizes the many contributions that family farmers and ranchers, including historically underserved farmers and ranchers, have made to America's agricultural industry, local food production, food sovereignty, rich variety of the country's abundant food supply, and traditional and cultural agricultural practices; and (2) the federal government should encourage support for family farmers and ranchers, in rural communities and on indigenous lands, and ensure access to open and fair agricultural markets in the United States, by introducing the Farmers Bill of Rights.
