## Summary (as of Jun 1, 2020)

### Equitable Data Collection and Disclosure on COVID-19 Act

This bill establishes the Commission on Ensuring Health Equity During the COVID-19 Public Health Emergency and adds reporting requirements for certain demographic data related to COVID-19 (i.e., coronavirus disease 2019).

Among other activities, the commission must (1) determine approaches to using data to reduce demographic disparities in COVID-19 prevalence and outcomes, and (2) submit findings and recommendations to Congress on a specified timeline until the end of the public health emergency.

During the public health emergency, the Centers for Disease Control and Prevention (CDC) and the Centers for Medicare & Medicaid Services must publish, and update daily, data on COVID-19 testing, treatment, and outcomes that is disaggregated by race, ethnicity, and other demographic characteristics on the CDC website. In addition, the Indian Health Service shall consult with tribes with respect to COVID-19 data collection and reporting. The Department of Health and Human Services must make a summary of final statistics related to COVID-19 publicly available and report specified information to Congress within 60 days of the end of the public health emergency.

### Actions Timeline

- **Jun 1, 2020:** Introduced in Senate
- **Jun 1, 2020:** Read twice and referred to the Committee on Health, Education, Labor, and Pensions.
