Summary (as of Jan 14, 2019)

Bureau of Reclamation Pumped Storage Hydropower Development Act

This bill revises requirements governing the development of certain hydropower projects by nonfederal entities at reservoirs administered by the Bureau of Reclamation. Under current law, those hydropower developments may be governed by requirements of Reclamation or the Federal Energy Regulatory Commission. This bill gives Reclamation the sole authority to oversee the development of pumped storage hydropower by the nonfederal entities if the development exclusively utilizes Reclamation's reservoirs.
