

## SRES 553

A resolution expressing the sense of the Senate that the Government of the People's Republic of China made multiple serious mistakes in the early stages of the COVID-19 outbreak that heightened the severity and spread of the ongoing COVID-19 pandemic, including the intentional spread of misinformation to downplay the risks of COVID-19, a refusal to cooperate with international health authorities, internal censorship of doctors and journalists, and a malicious disregard for the health of ethnic minorities.
