## Summary

(as of Jun 24, 2020)

### 21st Century Aerospace Infrastructure Act of 2020

This bill directs the Department of Transportation (DOT) to establish a pilot program, through FY2023, to issue transportation infrastructure grants to operators of outer space launch sites for the construction, repair, or maintenance of infrastructure and facilities at such sites. A *launch site* means the location on Earth from which a launch takes place

Grants issued to an operator may not exceed \$2.5 million for a fiscal year.

DOT may issue supplemental grants to operators in support of state, local, or private matching under specified conditions.
