Summary (as of Nov 16, 2020)

Expanded Telehealth Access Act

This bill permanently allows audiologists, physical therapists, occupational therapists, speech-language pathologists, and other providers designated by the Centers for Medicare & Medicaid Services (CMS) to provide telehealth services under Medicare, and includes specified related services as eligible Medicare telehealth services.

Currently, the CMS is authorized to waive requirements for Medicare telehealth services during the public health emergency relating to COVID-19 (i.e., coronavirus disease 2019), and it has done so to allow all providers that are otherwise eligible to furnish in-person services under Medicare to also furnish telehealth services.

Actions Timeline

- **Nov 16, 2020:** Introduced in House
- **Nov 16, 2020:** Referred to the Committee on Energy and Commerce, and in addition to the Committee on Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.
