## Summary (as of Jun 24, 2021)

### Israel Relations Normalization Act of 2021

This bill requires the Department of State to take certain actions promoting the normalization of relations between Israel, Arab states, and other relevant countries and regions.

Specifically, the State Department must develop a strategy on expanding and strengthening the Abraham Accords (the term used to refer collectively to agreements between Israel and the United Arab Emirates and between Israel and Bahrain marking the public normalization of relations between the two Arab countries and Israel). The strategy must include a description of how the U.S. government will encourage further normalization of relations with Israel.

The State Department must report on the status of efforts to promote normalization of relations with Israel and other countries, including information on (1) laws that punish individuals for people-to-people relations with Israelis (i.e., anti-normalization laws), and (2) instances of the use of state-owned or state-operated media outlets to promote the prosecution of citizens or residents of Arab countries calling for peace with Israel.
