Advanced Air Mobility Coordination and Leadership Act

This bill directs the Department of Transportation to establish an Advanced Air Mobility (AAM) interagency working group to plan and coordinate efforts related to the safety, operations, infrastructure, physical security, cybersecurity, and federal investment necessary to bolster the AAM ecosystem in the United States. *Advanced Air Mobility* refers to a transportation system that transports people and property by air between two points in the United States using aircraft, including electric aircraft or electric vertical take-off and landing aircraft, in both controlled and uncontrolled airspace.
