Summary (as of Jul 13, 2021)

This bill requires the Department of State to compile a list of allied countries with which joint international research and cooperation would advance U.S. national interests and scientific knowledge in key technology focus areas. The State Department must collaborate with similar entities in listed countries to establish general security policies and procedures for governmental, academic, and private-sector research in order to prevent sensitive research from being disclosed to adversaries.

Actions Timeline

• Jul 13, 2021: Introduced in Senate

• Jul 13, 2021: Read twice and referred to the Committee on Foreign Relations.
