### Excellence in Recovery Housing Act

This bill tasks the Substance Abuse and Mental Health Services Administration (SAMHSA) with various activities to promote the availability of high-quality recovery housing for individuals with substance use disorders. *Recovery housing* refers to shared living environments free from alcohol and illicit drug use and centered on peer support and connection to services that promote sustained recovery from substance use disorders.

Specifically, SAMHSA must

- develop and publish on its website standards and guidelines for recovery housing;
- award grants to states, tribal nations, territories, and localities to implement such standards and guidelines;
