### Green New Deals for Cities Act of 2021

This bill authorizes the Department of Housing and Urban Development to provide funding to states, local governments, or Native American nations to carry out Green New Deal projects, such as projects to clean up pollution, climate adaptation measures, or conservation projects on family farms.

In order to receive such funding, a state, local government, or Native American nation must have a local Green New Deal program proposal and meet other requirements as specified by the bill. A proposal must contain certain commitments, including a commitment to zero greenhouse gas emissions by 2030 through a fair and just transition for all communities and workers.
