Summary (as of Oct 7, 2021)

NTIA Policy and Cybersecurity Coordination Act

This bill establishes the Office of Policy Development and Cybersecurity within the National Telecommunications and Information Administration to analyze and develop policies related to internet and communications technologies.

Specific activities of the office include, for example, developing policies that promote (1) innovation, competition, and other elements of the communications, media, and technology markets; (2) security and resilience to cybersecurity incidents while fostering innovation; and (3) commercialization of communications technologies.

Actions Timeline

- **Oct 7, 2021:** Introduced in Senate
- **Oct 7, 2021:** Read twice and referred to the Committee on Commerce, Science, and Transportation.
