### Summary (as of Jun 4, 2021)

### Space Infrastructure Act

This bill directs the Department of Homeland Security to designate space systems, services, and technology as a critical infrastructure sector. Under current law, *critical infrastructure* means systems and assets, whether physical or virtual, so vital to the United States that the incapacity or destruction of such systems and assets would have a debilitating impact on security, national economic security, national public health or safety, or any combination of those matters.
