## **Sensible, Timely Relief for America's Nuclear Districts' Economic Development Act of 2021 or the STRANDED Act of 2021**

This bill provides resources to communities affected by stranded nuclear waste. The bill defines *stranded nuclear waste* as nuclear waste or spent nuclear fuel stored in dry casks or spent fuel pools at the site of an eligible civilian nuclear power plant.

Specifically, the bill provides a first-time homebuyer tax credit for homeownership in nuclear affected communities.

In addition, the bill directs the Economic Development Administration to establish a competitive prize competition to award prizes to affected communities for proposals to carry out alternatives to nuclear facilities, generating sites, and waste sites.

The bill also provides grants to nuclear-affected communities to (1) offset the economic and social impacts of stranded nuclear waste on such communities, and (2) support such communities that are facing decreased tax revenues or assessed valuation as a result of decommissioning a civilian nuclear power plant.

### **Actions Timeline**

---

- **Jun 7, 2021:** Referred to the Subcommittee on Economic Development, Public Buildings, and Emergency Management.
- **Jun 4, 2021:** Introduced in House
- **Jun 4, 2021:** Referred to the Committee on Transportation and Infrastructure, and in addition to the Committees on Financial Services, and Ways and Means, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned.
