## 21st Century Aerospace Infrastructure Act of 2021

This bill directs the Department of Transportation (DOT) to establish a pilot program, through FY2023, to issue grants to operators of space launch and reentry sites for projects to construct, repair, maintain, or improve transportation infrastructure and facilities at such sites. *Launch site* is defined as the location on Earth from which a launch takes place and necessary facilities at that location, and *reentry site* is defined as the location on Earth to which a reentry vehicle (i.e., spacecraft) is intended to return.

Grants issued to an operator may not exceed \$2.5 million for a fiscal year.

DOT may issue supplemental grants to operators in support of state, local, or private matching under specified conditions.
