Summary (as of May 25, 2022)

Improving Access to Behavioral Health Integration Act

This bill reauthorizes through FY2027 and expands a program that supports mental and behavioral health education and training for health care providers.

Specifically, the bill expands the program by establishing grants for primary care practices to hire behavioral health providers or otherwise facilitate the adoption of models to integrate behavioral health and primary care. The Department of Health and Human Services must develop reporting requirements and metrics to measure the uptake of such models by primary care practices.

Actions Timeline

- **May 25, 2022:** Introduced in Senate
- **May 25, 2022:** Read twice and referred to the Committee on Health, Education, Labor, and Pensions.
