Summary (as of May 26, 2022)

Strengthening Cybersecurity for Medical Devices Act

This bill requires the Food and Drug Administration to regularly update its industry guidance and information for the public relating to the cybersecurity of medical devices. The Government Accountability Office must also report on cybersecurity challenges for medical devices, including older devices that may not support software updates.

Actions Timeline

- **May 26, 2022:** Introduced in Senate
- **May 26, 2022:** Read twice and referred to the Committee on Health, Education, Labor, and Pensions.
