## Summary (as of Jul 9, 2021)

### Assuring Regular Consultation to Have Indigenous Voices Effectively Solicited Act

This bill establishes requirements for tribal consultation prior to the sale or transfer of certain federal civilian real property. *Federal civilian real property* generally refers to federal real property assets, including public buildings, occupied and improved grounds, leased space, or other physical structures under the custody and control of a federal agency.

Specifically, a federal agency must consult with tribal governments prior to the sale or transfer of certain federal civilian real property if the proposed sale or transfer would affect a tribe's access to federal agency services. Further, the bill prohibits the property from being sold or transferred if the sale or transfer would substantially reduce or eliminate a tribe's access to these services.
