Summary (as of Sep 19, 2022)

Bottles and Breastfeeding Equipment Screening Enhancement Act

This bill directs the Transportation Security Administration to issue or update guidance to minimize the risk for contamination of breast milk, baby formula, purified deionized water for infants, and juice (as well as ice packs, freezer packs, frozen gel packs and other accessories required to cool breast milk, baby formula, and juice) that is subject to re-screening or additional screening, including by ensuring adherence to hygienic standards.
