Summary (as of Jul 27, 2022)

Institute for Telecommunication Sciences Codification Act or the ITS Codification Act

This bill provides statutory authority for the Institute for Telecommunication Sciences, which serves as the telecommunications research and engineering arm of the National Telecommunications and Information Administration.

In addition, the institute must establish an initiative to support the development of emergency communication and tracking technologies for use in locating trapped individuals in confined spaces where conventional radio communication is limited.
