### Summary (as of Dec 14, 2022)

This bill establishes energy efficiency standards for consumer room air cleaners under the Energy Policy and Conservation Act (EPCA). The bill defines *consumer room air cleaners* as cleaners that (1) are portable or wall-mounted (fixed) units; (2) plug into an electrical outlet; (3) operate with a fan for air circulation; and (4) contain a means to remove, destroy, or deactivate particulates.

The bill enumerates energy efficiency standards for air cleaners manufactured on December 31, 2023–December 30, 2025, as well as air cleaners manufactured on or after December 31, 2025. It also prescribes procedures to test the energy efficiency of air cleaners.

Energy efficiency labeling requirements apply to air cleaners beginning on December 31, 2023.

## Actions Timeline

---

- **Dec 14, 2022:** Introduced in Senate
- **Dec 14, 2022:** Read twice and referred to the Committee on Energy and Natural Resources.
